# Money Flow Masterclass

Money isn't a super power its only purpose is for **exchange**.

You don't have to understand quantum/metaphysics or even frequencies or energies to align to money, you don't even have to align to money!!

Sometimes a better feeling alignment for you is to focus on **what you want to exchange the money for**, and that's what the Law of Attraction is for. This removes the **HOW**.

Money is merely our human way of getting something, the universe has countless other ways and doesn't that feel nicer?

## Money Energy

Money can **ONLY** be exchanged for something, it has no power alone.

You can give **YOUR** money in exchange for;

- Experiences
- New things
- Comforts
- Choices
- Learning & developing
- Helping people

New things bring **NEW** energy that's why people **LOVE** shopping so much and it's a natural desire that should hold no guilt.

Remember;

It's not money's fault you don't have enough to freely spend. Your job is to love money for what you can exchange it for and work on becoming a magnet to money **AND** all that you want!

## Issues

**Society conditions us around money, it's time to expand your awareness.**

**Salary** - You live in a society of salary bands where a business determines your worth (in exchange for your services & freedom).

**Debt** - Debt is bad but at the same time encouraged to have it. At 18 we get sent offers of credit cards by the same system that tells you that debt is bad. This business and my entire personal development was built on my Barclaycard.

**BIGGEST!** No passions, no self discovery, no dreams & goals.

## Fears

Lottery isn't the answer - that's for people who don't believe they can create abundance in their life.

Release any guilt around money, (see Money SOS)

Your **SELF** worth is directly related to money. (See self image)

Fear around Money often **KEEPS** you stuck by;

- Not leaving the stressful job
- Not leaving the relationship
- Not investing in bettering yourself or your business

Having another **SOURCE** of money coming to you is a Business aka, your purpose or passion

People exchange their money for your fabulous offerings – it's an **IN** road.

When you have something you adore that people will want, you create a fabulous route for money to **flow IN** to you.

If this scares you, or isn't going to plan then you use **YOUR** money in exchange for;

- Becoming fabulous in your chosen craft
- Developing your confidence
- Learning about easy business systems and being an entrepreneur
- Falling in love with money and attracting the best clients/customers **TO you**

## **Money Alignment and Flow**

Keep money moving.

If you are scared to spend **OUT** you also create a block/resistance to the flow **IN**.

It has to lovingly flow in and out with ease and love. The idea is to feel **GRATEFUL** for everything you have **NOW**, that starts the alignment.

You must know your money & feel safe - Take responsibility for your money, know what you owe, what you have coming in and what you have going out. There is no denial or burying head in the sand in manifesting.

If you need it seek help from a professional to get straight. (See money SOS masterclass)
